Concerned About Your Next Step?

Stop
- Calm yourself down. Take a few deep breaths.

Think
- Think through the different options that are available for you. Keep things in perspective.
- Remember that the O-Level is one part of your life journey and not the destination.

Do
- Approach a trusted adult and seek his/her help. Have a conversation with this person about what would be best for you.
- Make a decision and take action based on your options.

When you receive your results, you may experience a range of emotions.

Managing these emotions well will allow you to stay calm and make rational decisions.

Reaching out for help is a sign of strength, not weakness.

If you have any questions about your options or are not coping well, do reach out to someone you trust and speak with them. It could be a parent/guardian, teacher, ECG Counsellor, School Counsellor or a friend whom you can talk to.

Support is readily available for you.
